

Help Students Work Toward TEKS Mastery with STAAR MASTER® Companion Work Texts

All lessons and activities 100% aligned to the assessed TEKS

How can you use STAAR MASTER® Companion Work Texts?

Personalized learning tool teachers can use to bridge the gap between core instruction and STAAR® preparation through checks for understanding and student demonstration of learning

Year-round instructional-materials that supports teaching and individualized learning by providing practice, progress monitoring capabilities, and targeted support for students

Use in guided instruction, independent practice, small-group instruction, and differentiated instruction

Goals of Companion Work Texts:

- Uncover students' thinking and understanding
- Provide scaffolding for students to develop critical-thinking skills
- See students' evidence of standards mastery
- Increase confidence with constructed response item types
