

Student Experience with STAAR MASTER Interactive: Math

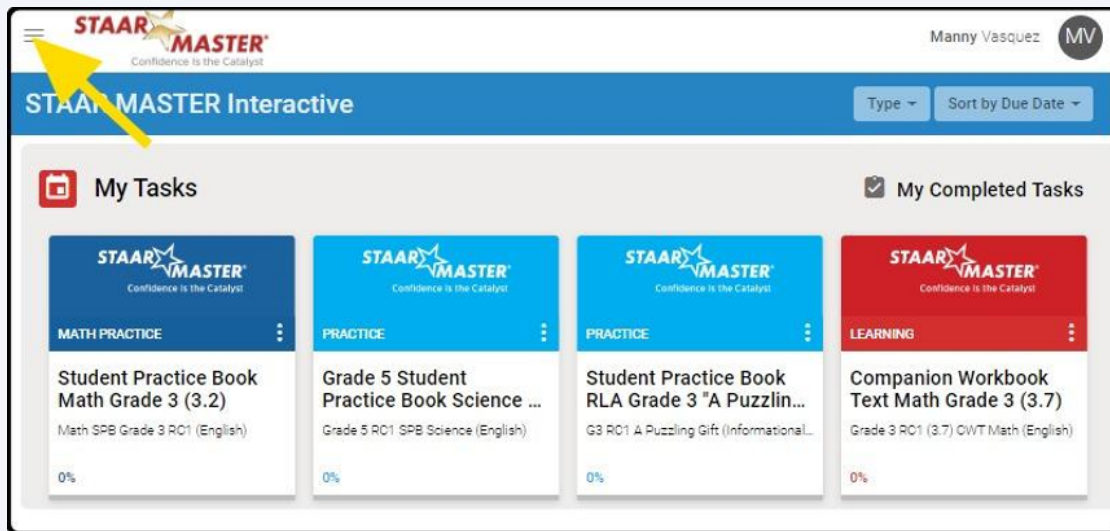

1

Welcome to the Student Dashboard! Within the Dashboard, you will notice the assignment cards created by your teacher.

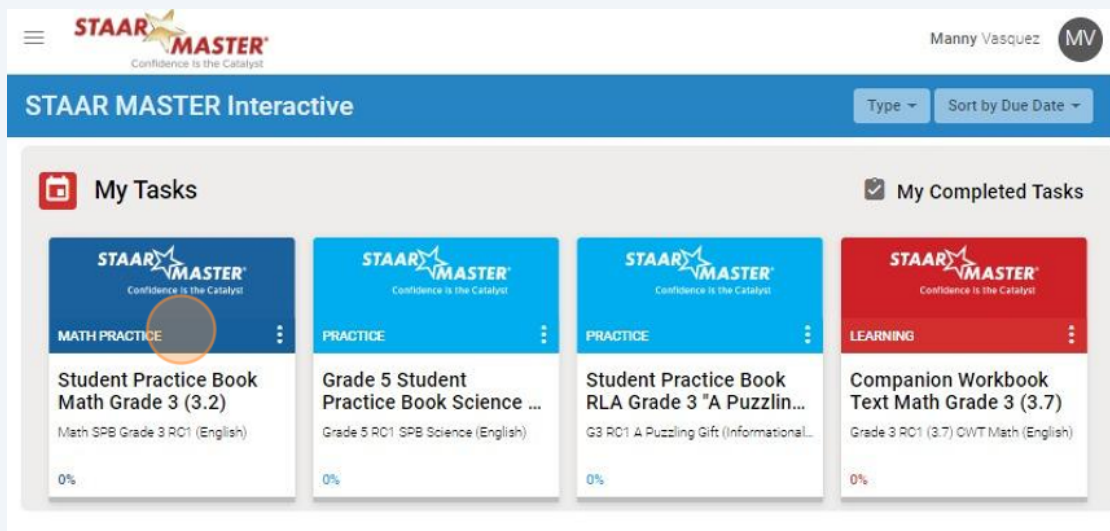

2 In the upper left corner, you will find the 3 parallel lines with a drop-down menu. The menu will include the following:

- **"Dashboard"** will return you to the main part of the platform
- **"Library"** is another place to locate current and previous assignments
- **"Notes"** will allow you to view annotations you've created
- **"Logout"** will log you out of the platform or switch back to English if you were using the Spanish version previously.

3 Click an Assignment Card to begin the task.

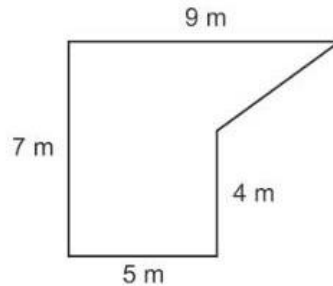

4 Student Practice Books and Companion Work Text: Once you click or write your answer, consider the choice that best describes your confidence for a particular question.

Doing this helps you to reflect on and improve your learning. (And it will take you to the next question.)

NUMBER(S)

30 meters of wire to make a 5-sided fence for his garden. He has already built four sides of the fence, as shown in the diagram below.

Length of the fifth side in meters?

"Coach" provides text-to-speech accommodations for students. For most products, this feature is set for "AutoPlay Off"; however, there may be times when Coach may begin reading. Simply click three dots and choose **"Turn Autoplay Off"** button or Pause button (| |) to turn her off.

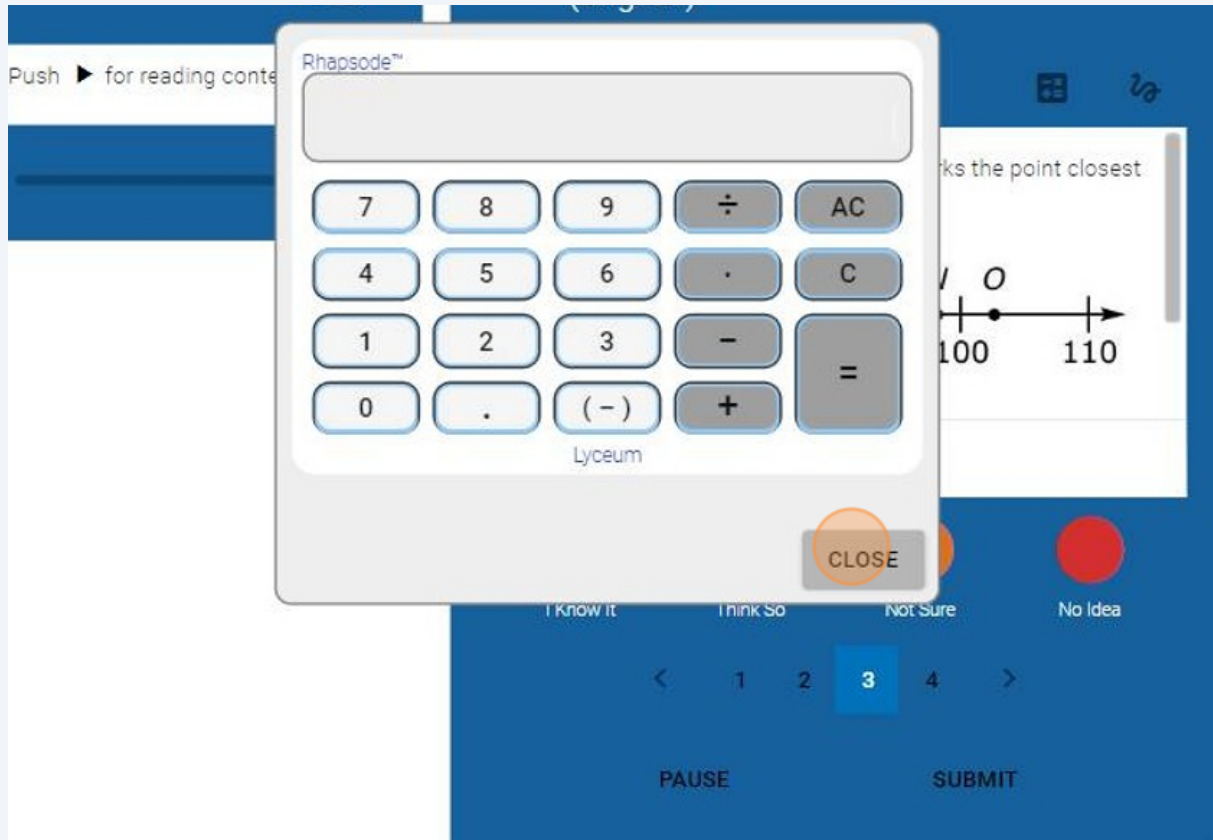

6 To access or hide the Reference Chart, click on the arrow in the upper right corner.

7 To access the calculator, click on the Calculator icon just above the problem, on the right-hand side. Note: Calculators for Student Practice Books and Practice Tests are not available for grades 3-7.

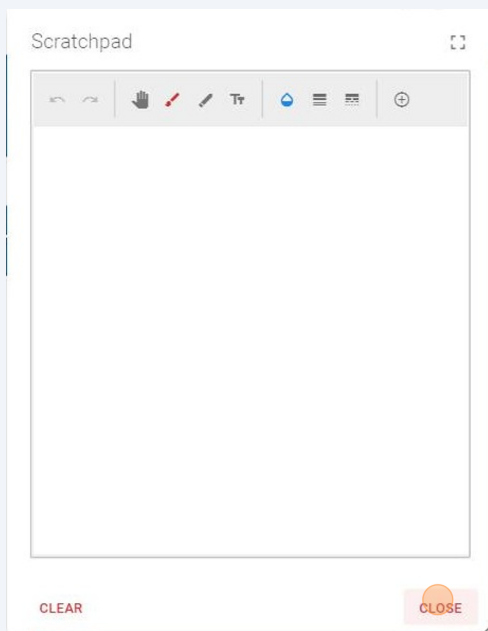

8 Click "CLOSE" to hide the calculator.

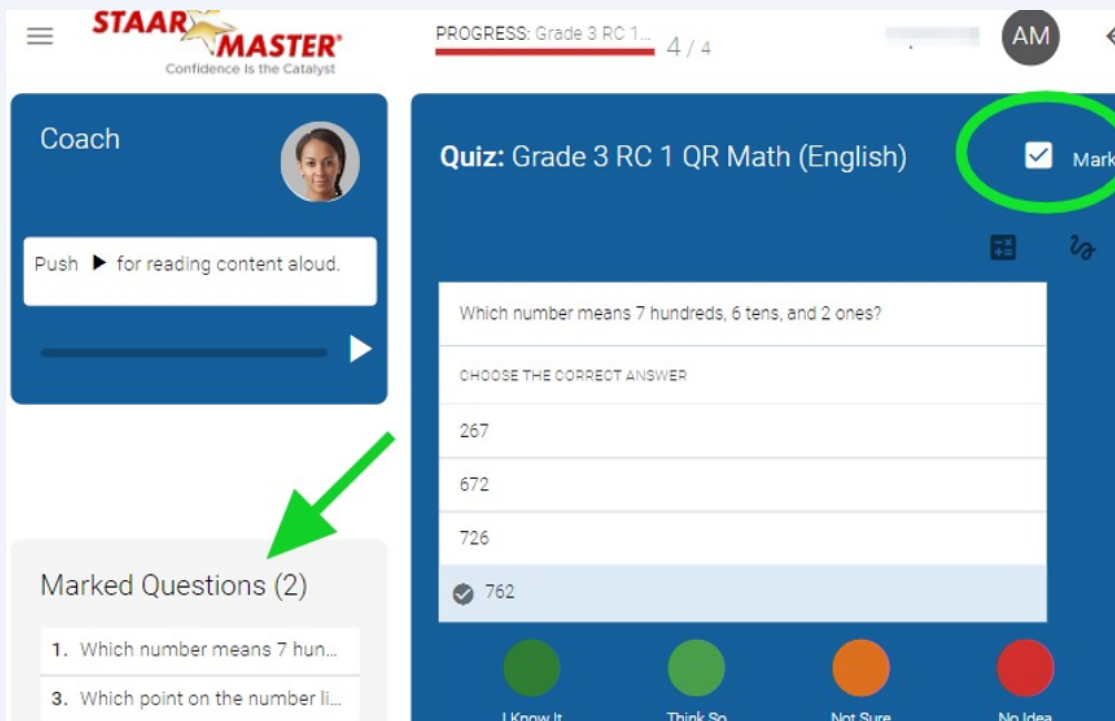

9 To use the "Scratch Pad," click on the squiggly line above the problem on the right-hand side.

Click "CLOSE" to hide the Scratch Pad.

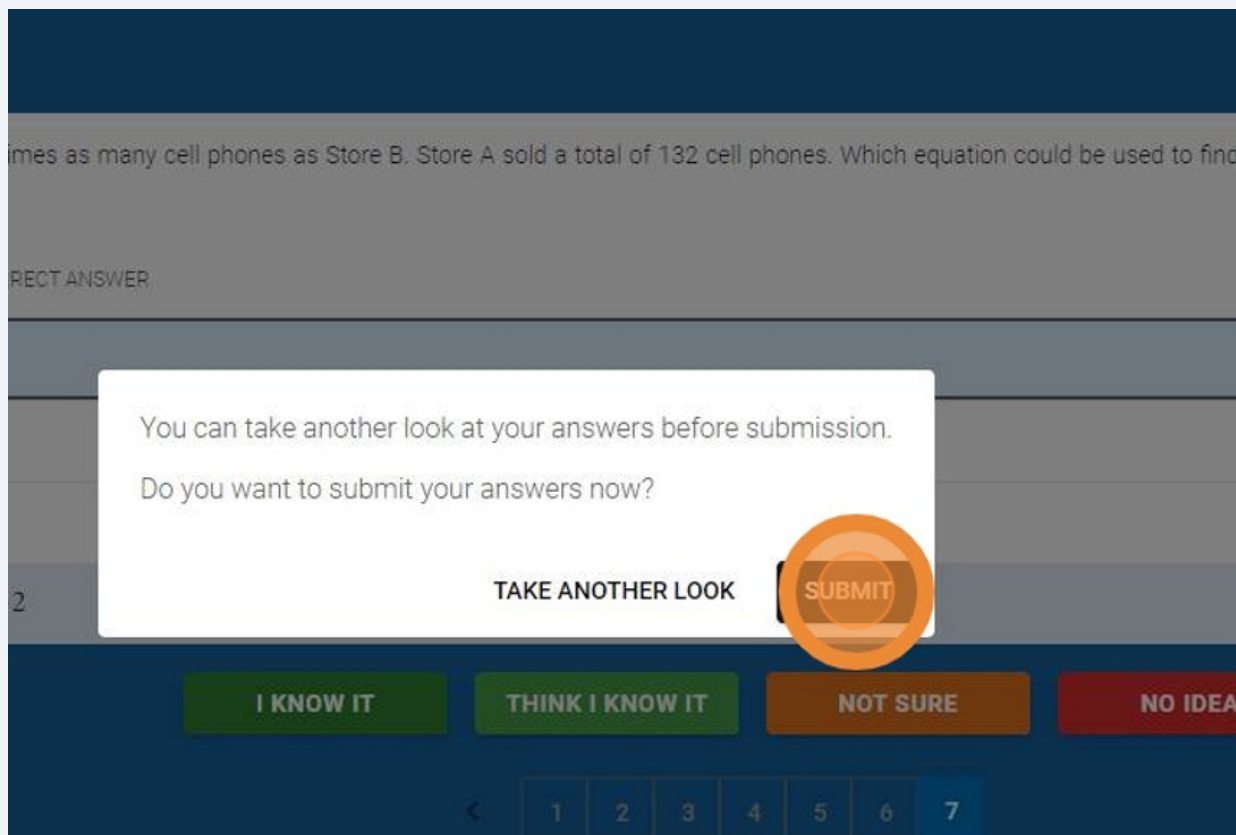

10 The "Mark" accommodation provides you a way to remind yourself to either come back to a problem for further review or to complete.

11

At the end of your assignment, you will be prompted to "take another look at your answers" or continue to "Submit."

12 To review the answers missed, click "Review."

BACK TO DASHBOARD REVIEW

This screenshot shows a score summary interface. On the left, it displays 'TEMPT SCORE 71%'. On the right, it displays 'YOUR HIGHEST SCORE 85.71%'. Below the scores, a message states 'You have no more attempts'. At the bottom, there is a dark blue bar containing two buttons: 'BACK TO DASHBOARD' and 'REVIEW'.

13 In the "Review" mode, a problem number shown in red illustrates a wrong answer. Simply click on the number, and you are taken back to the question as well as provided the correct answer. If you believe there is an error, consider clicking the "Challenge Us" button to share findings with STAAR MASTER.

of the fifth side in meters?

5 m

CHALLENGE US END REVIEW

1 2 3 4 5 6 7 NEXT

This screenshot shows a math problem in review mode. It features a diagram of a pentagon with four sides labeled: 7 m (left vertical), 5 m (bottom horizontal), 4 m (right vertical), and an unlabeled top-right slanted side. Below the diagram, the text asks 'of the fifth side in meters?'. A text input field contains the number '5' followed by 'm'. At the bottom, there is a dark blue bar with two buttons: 'CHALLENGE US' and 'END REVIEW'. Below these buttons is a row of seven numbered buttons (1-7). The number '7' is circled in red, indicating a wrong answer. To the right of the numbers is a 'NEXT' button.

14 To end the review, click "End Review" and return to Dashboard.
